

## **Important! The deadline for Letters of Support is December 4th, 2017!**

Dear Members, affiliates and friends of SAEDG,

The Army Corps of Engineers (ACOE) has now moved into the Public Notice Period of the re-evaluation process regarding The Clean Water Act Section 404 permit for the Villages at Vigneto.

The developer is one step closer to reinstatement and needs your support to get through this stage of the re-evaluation. You can help the developer by sending letters of support for The Villages at Vigneto to the ACOE during the Public Notice Period beginning October 6th through December 4th, 2017. Please let the ACOE know what The Villages at Vigneto means to you and how important it is for Benson, Cochise County and the entire State of Arizona. The more support the developer has during this Public Notice Period the more likely it is that the ACOE will make a favorable decision regarding its permit.

**Letters should be directed to Kathleen Tucker of the ACOE. Kathleen can be emailed at [Kathleen.A.Tucker@usace.army.mil](mailto:Kathleen.A.Tucker@usace.army.mil) or mailed to:**

Department of the Army  
Los Angeles District, U.S. Army Corps of Engineers  
Regulatory Division  
ATTN: Kathleen Tucker  
3636 N. Central Avenue, Suite 900  
Phoenix, Arizona 85012-1939

***Thank you your support!***
